Past-life Therapy: 6 intensive days

Prerequisites:

Hypnosis training, preferably at least CHA's ³Resident Hypnotherapy² level. Also, the reading of Edith Fiore's ³Unquiet Dead² and "Children's Past Lives" by Carol Bowman
(It is also helpful to know, but not essential, your enneagram type)

Course Length: 36 hrs minimum

Cost: CAD \$470.00 USD \$306.00

Course Schedule: June 29th-July 4th 9:00 AM

Location: 2678 W 11th Ave. Vancouver BC

Day 1 Overview - indications to regress client - contraindications. Enneagram forms. #2. Inductions, 'instant' to 15" - convincers - "real" experiences or "Philosophic Metaphors" - When things go wrong.

Day 2 Deepening techniques - Rossi's Floating Hands - ideomotor usage - somnambulism #4. Time Line® * or past-life approach. Dream-walking-trance for dream interpretation.

Day 3 Construction of regression therapy script: Induction, Bridge, Internal Bridge, Regression, Injunction, Resolution. Leading, open/closed, trance depth-altering questions. #6. Regression.

Day 4 Clinical Depossession (a.k.a. spirit releasement) #8. Soul retrieval. (Participant will receive a drumming tape for client usage)

Day 5 Gamma scrub (using the brain's 28 to 256 hertz band) - OOBes for grief, suicide, esteem #10. Processing the Death Experience - Integration on 1st Astral Plane - Roger Woolger's life scripts and the enneagram - Wolinsky's dehypnosis for False Core - APRT exam questions.

Day 6 Regression #12. Christos regression. (Followed by clarifications, demonstrations, etc) ³Abundance².

*There is no attempt or intention to teach Time Line® work: Tad James¹ courses are recommended (as taught by himself). It is helpful to see it demonstrated as a sometimes preferable method for regression.

Certificates upon completion. (There is no exam!)
